Course Objective & Goals

This program is designed to highlight the important features of comprehensive dentistry as practiced today. It will discuss the important and unique relationship of periodontal disease and trauma from occlusion, and how these two entities impact on our sequence of therapy and ultimate prognosis.

The program will review in detail etiology, diagnosis, prognosis, treatment planning and sequence of therapy. There will be a strong emphasis on the interrelationships between periodontics, orthodontics and restorative dentistry.

Various case types will demonstrate different strategies to achieve successful, long-term results. The impact of endosseous implants on treatment planning will be reviewed. Case types ranging from the single anterior implant to extensive periodontal prosthesis implant-assisted restorations will be dealt with in depth. Esthetic parameters and their management will be included in the discussions.

At the conclusion of the program, the participants should be able to:

• Make a correct diagnosis and formulate a logical treatment plan
• Develop a rational sequence of therapy
• Discuss the important elements of esthetic diagnosis
• Decide on which factors of occlusion are most important in managing the final restoration

Main Line Dental Implant Center Invites you to an evening seminar

The Interplay Between Periodontics, Restorative Dentistry and Implant Therapy

Speaker: Arnold, S Weisgold, DDS, FACP
Registration / Cancellation / CE Credits
The number of registration is limited for each course, and registration is accepted on a first come, first serve basis. Full tuition payment must accompany all registration forms. Upon receipt of this registration form and tuition fee, Washington AGD and Hiossen will send you written confirmation. Confirming registrants who are unable to attend the course can obtain a refund by notifying Washington AGD and Hiossen in writing no later than 14 days prior to the course date. Cancellations past that date will be subject to an additional penalty.
Washington AGD and Hiossen reserves the right to cancel a course no later than 14 days prior to the course date. Please be aware that Washington AGD and Hiossen are not responsible for reimbursement of a non-refundable airline ticket or any other travel expenses in the event that a course is canceled. Continuing education credits awarded in the United States for participation in the CE activity may not apply towards license renewal in all States, Countries or Provinces. It is the responsibility of each participant to verify the requirements of their State, Country or Province.

How to Register
Complete the registration form and mail or fax to:

DR. STEVEN LIU
1257 Lancaster Ave.
Bervyn, PA 19312
OR FAX TO (610) 688-0849

Tuition: $50 (check’s only)

Day 1:
March 2 Hands-on Complete the registration form and mail or fax to:

DR. STEVEN LIU

Program

About the Speaker

Dr. Arnold Weisgold, D.D.S., F.A.C.D.

Arnold Weisgold received his dental degree from Temple University School of Dentistry in 1961. After graduation, he served as a Captain in the U.S. Army Dental Corps for two years.

In 1963, he matriculated at the University of Pennsylvania Graduate School of Dental Medicine, successfully receiving certificates in both Periodontics and Fixed Prosthodontics. In 1965, he was named the first Coordinator of Occlusion at Temple University where he developed a four year program in this discipline. He returned to the University of Pennsylvania in 1967 where he established the Department of Form and Function of the Masticatory System, the first of its kind in the world. In 1973, he became the Director of Postdoctoral Periodontal Prosthesis and served in this capacity until 2000. From 1984 until 1987 he was the Associate Dean for Clinical Sciences and was the first Director of the Implant Research Center (1990-1995). He is presently Adjunct Professor of Periodontics.

Dr. Weisgold has faculty appointments at New York University School of Dentistry, Tufts University School of Dental Medicine, Nova Southeastern University School of Dental Medicine and Kaohsiung Medical College School of Dentistry (Taiwan). He has also had affiliations with the U.S. Army and Naval Dental Corps, the Veteran’s Administration, Albert Einstein Medical Center and the Medical College of Pennsylvania.

Dr. Weisgold has presented lectures throughout this country, Canada, Mexico, South America, Europe, South Africa, the Middle East and Far East and is the author of many papers and/or chapters in the areas of Periodontal Prosthesis, Restorative Dentistry, Esthetics, Implant Prosthodontics and Occlusion.

Please RSVP by calling Dr. Steven Liu’s Office at 610-722-5542 or Email at mainlinedentalimplant@gmail.com
