ADA CERP® | Continuing Education Recognition Program

Neoss Inc. is an ADA CERP Recognized Provider.

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individuals courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

Neoss designates this activity for 2 continuing education credits.

Program

6:00-6:30 PM Registration
6:30-9:30 PM Louis F. DeSantis DDS
Seminar Presentation & Dinner
Q & A

Edentulism presents a unique set of problems for patients, both physiological as well as psychological. Clinical studies have shown that by placing Dental Implants in the edentulous mandible, health parameters increase.

This lecture will present a simplified treatment for treating edentulism that can be utilized in your private practice immediately.

Full Denture- Over-Denture techniques will be reviewed, along with familiarization of the "Locator" abutment and attachment.

Course Learning Objectives

Participants who complete the seminar will have a better understanding of overdentures and how to utilize a simplified technique when treating patients.

Tuition: \$50 payable to Dr. Steven Liu

Target Group

General dentists, Specialists & staff working with dental implants or interested in providing dental implant treatment. No prior dental implant training required

Sponsors

About Dr. Liu's Study Club

Dr. Steven Liu earned his DMD from the University of Pennsylvania, School of Dental Medicine. He pursued post-graduate specialties in Periodontics, Periodontal Prosthesis and Fixed Prosthodontics, as well as Implant Surgical and Prosthetics training. Dr.

Liu's clinical research activities focus on periodontal prosthesis concepts and implant dentistry. He is a member of the ADA, Pennsylvania Dental Association, American Academy of Periodontology and the Academy of Osseointegration. Dr. Liu conducts his Study Club meetings every other month at a local restaurant. Topics vary and the meetings are a great place to meet and talk with other local dentists.

About Neoss

Our desire at Neoss is to connect the dental professional and their patients with a system that provides for a safe and reliable treatment. By forging strong relationships that help us to understand and listen to a wide range of clinicians, academics, dental technicians and engineers from around the world, we've managed to create an implant system that redefines the word simplicity.
